COMMENTS:

I have requested information from Wokingham Council regarding this property being used as HMO therefore I request the planning put on hold until I have received confirmation either way.
Moor Copse Close is a mainly family occupied street close to both primary and secondary schools therefore I believe adding another bedroom to what we suspect is a HMO would be out of character for the street and it's current occupants.
The extension will increase the number of occupants and therefore the number of cars and traffic. Parking is already on the street and impacting on other homeowners. The extension will change the look and the feel of the close.
