COMMENTS:

I would just like to say that when the Travellers moved onto the field illegally all those years ago, the council did promise the surrounding residents, that they would keep an eye on the occupancy and make sure the layout and occupancy did not increase .

Now it looks like it will.

What I do want the council to monitor, if the planning is agreed, is that the site is for current family members only. I have read in the press that other Traveller sites around the UK that have become larger to accommodate caravans to be 'rented out' for money. In other words, running a business for profit.

This has to be discussed with the current owner and to make sure this does not happen.
