Appraisal: The proposal is for a rear extension to form a conservatory, on a patio area, which is at the same level as the dwelling. There is already a single-storey extension, adjoining the boundary with 12 Orchard Close. This has a depth of about three metres and is 2.9 metres high. The proposed conservatory would also be adjacent to this boundary. It would be 2.8 metres deep giving a combined depth of about 5.8 metres. However, the solid flank wall of the conservatory would be only 2.2 metre high, with a pitched, glazed roof, with a maximum height of 3.1 metres and No 12 has a glazed lean-to close to the boundary. Due to its low height the structure would not significantly increase the overshadowing and overbearing impact on No 12. Therefore, it is not considered that the proposal would have an adverse impact on the adjoining property. It would be 4.8 metres from the boundary with 16 Orchard Close and nine metres from the rear boundary - the dwellings to the rear are at the higher level. Hence the amenities of these neighbours would not be affected.
