COMMENTS:

I am writing to object to this planning application on the grounds that this site is completely inappropriate for the proposed usage. This location is in the heart of a residential village next to a nature reserve and a place of natural beauty. A fuel storage depot should be cited on a commercial unit next to a main road for ease of access. Fuel tankers and industrial machinery, should not be situated in the heart of a village location. Hopefully common sense will prevail at this will be dismissed as it is an absolutely ridiculous application.
