Dear Mr Brookling,

SECTION 211 NOTIFICATION OF WORK TO TREES WITHIN THE ARBORFIELD CROSS CONSERVATION AREA

APPLICATION NUMBER: 252884

LOCATION: DIAGON HOUSE, EVERSLEY ROAD, ARBORFIELD, WOKINGHAM, RG2 9PQ

With reference to your notification which was received on 24 November 2025 and validated on the 25 November 2025, I am writing to advise you that Wokingham Borough Council raises **no objections** to the proposed tree works being undertaken as specified within the Arborfield Cross Conservation Area.

Proposed works:

Willow – 50% Branches reduction.

Reasons stated for works:

Previous authorised work has been carried out in the past (most recently under 230722) but this is a request to reduce the height & prolong the health & life of the tree (establishing new knuckles). FYI We have noticed signs of branch hollowing & age-related issues & want to proactively reduce the height now. We are also aware branch's braking is common on willow trees (especially as they age) & this work will allow more stability going forward.

Officer comments:

Based on the information provided and the tree's current condition, the proposed reduction is considered reasonable and proportionate. The works are consistent with good arboricultural practice for a previously pollarded willow and are likely to reduce the risk of branch failure while supporting ongoing management and stability of the tree.

Given the tree's management history, structural condition, and the appropriateness of the proposed works, it is not considered expedient to make a Tree Preservation Order in this

instance. The proposed works will not have an unacceptable adverse impact on the character or appearance of the Conservation Area.

Informatives:

- 1) You are advised that, in accordance with Part 4, 17 (4) of The Town and Country Planning (Tree Preservation) (England) Regulations 2012, this decision is valid for **one pruning operation** (as per the approved specifications) to be undertaken **within two years** from the date of this notice, after which date the consent lapses and a new Section 211 Notification will be required.
- 2) You are advised that this letter is in respect of the **Conservation Area only** and it does not imply that consent would be forthcoming from the owner of the tree(s) or any such other persons from whom consent may be required.

If we can be of any further assistance, please contact the Tree and Landscape Officer via development.control@wokingham.gov.uk.

Yours sincerely,

A handwritten signature in black ink that reads "Chris Hannington". The signature is written in a cursive, slightly slanted style.

Chris Hannington - Trees and Landscape Team Manager

Please note that your attention is drawn to the following information:

Bird Nesting Season and Presence of Bat Roosts

In accordance with the Wildlife and Countryside Act (1981) and Countryside Rights of Way Act (2000), consideration must be given to the timing and type of tree work operations, to avoid causing disturbance to any nesting birds or bat roosts that may be present within the tree(s).

The Act makes it an offence (subject to exceptions) to intentionally kill, injure, or take, possess, or trade in any wild animal listed, and prohibits interference with places used for shelter or protection, or intentionally disturbing animals occupying such places.

It is advised that all non-urgent major tree work and hedge cutting operations are undertaken at a time to avoid disturbing nesting birds during the breeding season (to which the bird nesting season is considered to be from March to July). Where bats are suspected to be present, it is recommended that advice first be sought from a licenced bat specialist and if appropriate, the relevant licence(s) be obtained before any major tree work or hedge cutting commences.

Forestry Act 1967 and Felling Licences

If it proposed to fell a tree or trees greater than 5 cubic metres or sell more than 2 cubic metres of timber in any calendar quarter, a Felling Licence from the Forestry Authority may be required.

Please note that Felling Licences are not required to remove trees from domestic (residential) gardens. Where you are the landowner of large pieces of land with numerous trees, clarification from the Forestry Commission may be required as to whether a Felling licence is needed.

For more information on Felling Licences, please speak to the Woodland Officer at the Forestry Commission on 01296 696543

Further Information can be found on the Forestry Commission Website: www.forestry.gov.uk
