COMMENTS:

I would like to object to this application for the following reasons:

1. The road is already extremely busy and the addition of three houses will create even more traffic. It's possible that each house could have two or three cars which could result in between six to nine cars trying to access Finchampstead Road. This will be problematic and possibly dangerous especially at peak times.
2. The addition of cars noted above will also increase noise and pollution in an already heavily polluted road.
3. The two houses planned to be built facing Finchampstead Road will block light to No. 89 as they are double storey and privacy will be compromised as the upper stories will face directly into the front bedrooms of No. 89 Finchampstead Road.
4. An almost identical planning application was made in 2019 (191055) which was rejected for numerous reasons all of which still remain. Please refer to the notification of refusal.
